

Create & Play

Wednesdays

9:00 a.m. – 11:30 a.m.

\$20.00 per class

Create & Play is available for preschoolers who are currently enrolled in the 2 or 3 year old classes. It's our version of a children's museum! This optional weekly class is designed to stimulate creativity with many open-ended and messy hands-on activities. The gym is used to further develop motor skills through imaginative play and games as all of these elements are essential to a child's cognitive development.
